# PPC further strengthens its flexible generation and energy storage portfolio in Romania

PPC S.A. ("PPC") announces that its subsidiaries PPC Productie Romania and PPC Renewables Romania have signed agreements with Navios Investment SRL for the acquisition of 100% of five companies (Energy Innovative Solutions, Restore Energy, Vermont Green Energy, Eco Power Solutions and Data Innovative Solutions) holding energy assets and development projects in Romania, for a consideration of approximately €93 million (Enterprise Value of €139 million).

The portfolio comprises:

(i) two operational natural gas-fired power plants with installed capacity of 40.3 MW combined
(ii) battery energy storage systems of 12 MW/24 MWh and a 50.6 MW / 200.6 MWh battery energy storage system under construction
(iii) a 30 MW photovoltaic park under construction as well as
(iv) land plots suitable for the development of renewable energy projects.

The acquisition is in line with PPC Group's strategy to strengthen its flexible generation and energy storage portfolio, while further expanding its renewable energy presence in Romania. This is a key transaction for PPC Romania adding balancing and flexibility capabilities to its existing generation fleet in the country, therefore imoproving its position in the local balancing market.

Completion of the transaction is subject to the required regulatory approvals and other customary conditions precedent. The transaction is expected to be completed in Q1 2027.
